Subgrid

Each card spans three rows of the outer grid and reuses them, so titles, texts and prices line up across all cards.

Basic

Simple PDFs from HTML templates.

99 kr

Professional plan with digital signatures

Everything in Basic, plus signatures, PDF/A archiving, fillable forms, e-invoices and password protection.

299 kr

Team

Five seats.

799 kr

Columns shared by every row of a form

Name	Ada Lovelace	required
Organisation	Analytical Engines Ltd	
Amount	1 024,00 The hint sits under the field and the unit, from line f to line u.	kr

Nested subgrids on both axes

Quarter	Q1	Q2	Q3
Revenue	1 200	1 350	1 410
Costs	800	860	905
Margin	400	490	505

A subgrid that is not a grid item lays out as a single-column grid.

Second item.
