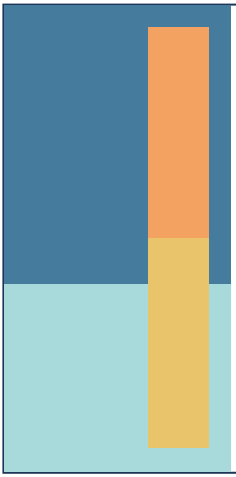
Percentage heights

The cover fills the first page, whose margins are zero.

Half the card, less the gap.

Half the card, less the gap.



A sidebar of height 100% in a flex row of height 35% of the page; the badge in it stretches between top and bottom.

The table is 20% of the page; the first cell's child fills the row.

The parent's height is auto, so a child of height 50% is as tall as its content.
